

ProZyme[®] Equine Formula

Trusted by Veterinarians For Over 30 Years

Maximize Nutrition by Improving Nutrient Absorption

ProZyme[®] Equine Formula is an all-natural, plant-derived combination of four enzymes in an easy-to-use powder. Made from the highest quality enzymes, ProZyme Equine was developed to aid in the absorption of protein, carbohydrates and fatty acids found in horse feeds. ProZyme Equine is lactose-free and suitable for all breeds and disciplines of horses.

The four enzymes found in ProZyme Equine address the most common digestive problems found in horses. Amylase and protease work to unlock the proteins and starches into smaller molecules for better absorption. Cellulase helps break down plant fibers and lipase helps break down fatty acids. This enzymatic activity may help horses get the most from the food they consume. Maximizing absorption of nutrients addresses equine problems such as:

- Skin and coat health
- Weight issues
- Improved performance

The alfalfa flavoring in ProZyme Equine ensures palatability. The enzymes in ProZyme Equine are able to survive the digestive process in the stomach to replace the body's own digestive enzymes in the small intestine.

ProZyme Equine can be used with each ration and will not interfere with any prescribed medications. Use two teaspoons for horses under 800 pounds, and three teaspoons for horses over 800 pounds.

Available size:
908 gram – 2 lbs.

ProZyme[®] Equine Formula

An All-natural Combination Of Enzymes In A Palatable Alfalfa Powder

GUARANTEED ANALYSIS: Per 2 teaspoons

Moisture	6.0% Max
Crude Protein	1.0% Min
Crude Fiber	0.5% Max
Crude Fat	0.0% Min

Enzyme Activity:

Alpha-Amylase	2000 SKBU/gram
Lipase	200 U/gram
Cellulase	50 CCHU/gram
Protease	8 GDU/gram

INGREDIENTS:

Stabilized Rice Starch, Alfalfa Meal dehydrated, Aspergillus oryzae (Alpha-Amylase) fermentation product dehydrated, Aspergillus niger (Lipase & Cellulase) fermentation product dehydrated, and Bromelain derived from Ananas Comosus (Protease) dehydrated.

USES:

For oral use as a plant-derived digestive enzyme supplement in a palatable powder.

DIRECTIONS FOR USE:

Feed Prozyme equine formula with every ration, serving size:

Up to 800 lb. animal feed two teaspoons.

Over 800 lb. animal feed three teaspoons.

STORAGE AND SAFETY:

This product is intended for intermittent or supplemental feeding only.

Store in a dry area away from extreme heat and direct sunlight.

Keep out of reach of children and pets.

For Veterinary use only.
