PET-EMA™

## AVAILABLE SIZES:

12 mL syringe enema for dogs and cats

## GUARANTEED COMPOSITION:

Each syringe contains 12 mL of a solution of dioctyl sodium sulfosuccinate 250mg in glycerin, with sorbic acid (as a preservative)

## USES:

As an aid in the relief of constipation; and in re-establishment of normal bowel function

## DIRECTIONS FOR USE:

Remove tip cap and gently insert nozzle into rectum. If desired nozzle can be lubricated prior to insertion. Slowly depress syringe plunger to express contents. Treatment may be repeated in one hour if necessary.

## STORAGE AND SAFETY:

- Not for human use
- For rectal use only
- For veterinary use only
- Keep out of the reach of children
- Store in a cool dry place
